IPRO Tech, Inc. announces H7b1 has signed as a Service Partner/Reseller in Europe

Phoenix, Arizona (20 May 2004) – IPRO Tech, Inc. announced today that H7b1, a Swiss litigation support company, has signed as a Service Partner and Reseller in Europe.

“By distributing IPRO Tech’s high-quality software solutions through H7b1, backed by IPRO Tech and H7b1 exceptional service and support, we are providing customers with a cost effective, simple and robust legal document management solution in Europe,” said Rafik Emmanuel Abboud, Managing Director of H7b1.

“As litigation support technology services become more global, IPRO Tech is pleased to have a Litigation Service Partner, H7b1, in Europe. H7b1 is committed to provide quality support services overseas to the legal community,” said Terri Tipton, IPRO Tech Vice-President.

About H7b1

H7b1 (www.h7b1.ch) is a specialized company providing law firms, corporate legal departments and administrations with document management services, solutions and training throughout Europe. Based in Geneva, Switzerland, with Practice Support Mobile Units covering all of Europe, H7b1 is a Swiss company founded on values of confidentiality, tradition, and independence. Services include imaging, copying, printing, coding, electronic data discovery, consulting and training and are fully scalable to meet the needs of individual clients and projects while retaining a competitive cost structure comparable to those found in the United States market.

About IPRO Tech

Phoenix-based IPRO Tech (www.iprotech.com) provides intuitive software solutions to corporate legal departments, law schools and litigation services organizations. Millions of pages per year are scanned, indexed, viewed, printed and produced with IPRO Tech software. The American Lawyer Magazine recently completed a survey of the top 100 (by gross revenue) law firms in the United States and found that IPRO Tech software is by far the most widely used imaging software. IPRO offers a diverse suite of solutions from robust imaging, annotating, and indexing tools, to specialized document viewing and desktop imaging tools. IPRO has applied and refined over fourteen years of real-world knowledge and experience to its suite of software.
